1.0 General Information

1.1 Definition of Parties
The University of Maine System will hereinafter be referred to as the "University." Respondents to the document shall be referred to as "Respondent(s)" or "Respondent(s)". The Respondent to whom the Agreement is awarded shall be referred to as the "Contractor."

1.2 Purpose
The University of Maine, the major research, land-grant and sea-grant University in the state of Maine, is seeking responses to provide services for an Image Campaign as defined in this document. Work includes the development of several creative concepts to choose from that will enhance UMaine’s public image and differentiate UMaine from its competitor institutions. A tag line, TV ads and promotional videos will be launched via a major media buy to create a strong identity in the University’s key markets of Maine and New England. This document provides instructions for submitting responses, the procedure and criteria by which the Respondent(s) will be selected and the contractual terms which will govern the relationship between the University and the awarded Respondent(s).

Respondents should review Section 2 of this document to see the full Scope of Services/Products required.

Though this document is primarily for the University of Maine, all campuses in the University of Maine System must be afforded the use of this solution, with all the same terms and conditions applicable to the various University. The University of Maine (UM) is seeking proposals to implement a regionally-targeted, image-building campaign as defined in this document. UM wants to partner with a well-established media firm. An ideal partner would have successful experience working within higher education, would have produced high quality media at the national and regional level and would be familiar with the New England media market. This document provides instructions for submitting responses, the procedure and criteria by which the Provider(s) will be selected, and the contractual terms which will govern the relationship between the University and the awarded Bidder(s).
1.3 Eligibility to Submit Responses

1.3.1 Public entities, private for-profit companies, and non-profit companies and institutions are invited to submit a response to this document.
1.4 Evaluation Criteria

**Scoring Weights:** The score will be based on a 100 point scale and will measure the degree to which each response meets the following criteria.
