1.2 The University of Maine System will hereinafter be referred to as the "University." Respondents to the RFB shall be referred to as "Bidder(s)" or "bidder(s)". The Bidder to whom the contract is awarded shall be referred to as the "Contractor."

1.3 Scope of Work: Order, assemble, calibrate, and deliver, (1) one new 2013-2014 19,500 GVW, regular cab, single axle, 4x4 dump truck with attached 9' foot straight plow blade and 9' wing assembly, light boxes, and hitch assemblies, and professionally integrate them into the overall truck.

The completed vehicle shall be delivered ready for operation, to the University between July 1 and August 30, 2013.

1.4 Evaluation Criteria: Award will be made to the low bidder provided that all other requirements are satisfactorily met.

1.5 Alternates: Unless otherwise provided for in this solicitation, the name of a certain brand, make or manufacturer does not restrict bidders to the specific brand, make or manufacturer named; but conveys the general style, type, character, and quality of the article desired. Any article which the University, in its sole discretion, determines to be the equal of that specified, considering quality, workmanship, economy of operation, and suitability for the purpose intended, shall be accepted. It is the bidder’s responsibility to clearly and specifically indicate the product being offered and to provide sufficient descriptive literature, catalog cuts and technical detail to enable the University to determine if the product offered meets the requirements of the solicitation. Failure to furnish adequate data for evaluation purposes may result in declaring a bid non-responsive. Unless the bidder clearly indicates in its bid that the product offered is an "equal" product, such bid will be considered to offer the brand name products referenced in the solicitation.

1.6 Award: It is the intent of the University to award this bid all to one bidder. The University reserves the right to conduct any tests it may deem advisable and to make all evaluations. The University reserves the right to reject any or all bids/ submissions, in whole or in part and is not necessarily bound to accept the lowest bid/ submission if that bid/ submission is contrary to the best interests of the University. The University is concerned about potential prohibitive costs in travel and labor to transport this vehicle and its components for warranty service on the vehicle and components purchased as a result of this bid. Bidders shall address this concern in their response. This is an evaluation criteria - cost.

The University reserves the right to waive minor irregularities. Scholarships, donations, or gifts to the University will not be considered in the evaluation of bids. A bid may be rejected if it is in any way incomplete or irregular. When there are tie bids, there shall be a preference for "in-state bidders". When tie bids are both in-state or both out-of-state, the award will be made to the bid that arrives first at the Purchasing Office.

1.7 Award Protest: Bidders may appeal the award decision by submitting a written protest to the University of Maine System’s Director of Strategic Procurement within five (5) business days of the date of the award notice, with a copy of the protest to the successful bidder. The protest must contain a statement of the basis for the challenge.

Responses to inquiries, if they change or clarify the RFB in a substantial manner, will be forwarded by addenda to all parties that have received a copy of the RFB. Addenda will also be posted on our web site, www.maine.edu/strategic/upcoming_bids.php.
