1.1 Purpose: The University of Maine System, acting through the University of Maine is seeking proposals from qualified companies to provide domestic trademark licensing services.

This Request for Proposals (RFP) states the instructions for submitting proposals, the procedures and criteria by which a vendor may be selected and the contractual terms by which the University of Maine System intends to govern the relationship between it and the selected vendor. In addition, the University would like to have the ability to add campuses to the contract as the needs arise. Any contract resulting from this RFP shall be open to the other campuses of the University of Maine System (UMS). UMS is comprised of six other universities throughout the State in addition to the Orono campus.

The University of Maine enjoys a rich heritage, national acclaim and a prestigious reputation as an outstanding public institution of higher education, research, and public service. The growth of the University, its alumni base, and the national attention received by its athletic programs have produced a strong demand for products that display the trademarks, logos, and symbols associated with the University.

The University of Maine is one campus of the seven in the University of Maine System. It is the flagship campus with over 11,000 students. The University's Department of Marketing and Communications administers is responsible for the trademark licensing program.

1.6 Award of Proposal: Presentations and samples may be requested of two or more bidders deemed by the University to be the best suited among those submitting proposals on the basis of the selection criteria. The University reserves the right to waive minor irregularities. Scholarships, donations, or gifts to the University, will not be considered in the evaluation of proposals. The University reserves the right to reject any or all proposals/submissions, in whole or in part, and is not necessarily bound to accept the lowest cost proposal/submission if that proposal/submission is contrary to the best interests of the University. The University may cancel this Request for Proposals or reject any or all proposals in whole or in part. Should the University determine in its sole discretion that only one bidder is fully qualified, or that one bidder is clearly more qualified than any other under consideration, a contract may be awarded to that bidder without further action.
1.7 Award Protest: Bidders may appeal the award decision by submitting a written protest to the University of Maine System’s Director of Strategic Procurement within five (5) business days of the date of the award notice, with a copy of the protest to the successful bidder. At that time the University will issue bid award notice letters to all participating bidders and the successful bidder's proposal may be made available to participating bidders upon request. After the protest period has passed and the contract is fully executed, the winning proposal will be available for public inspection. Pricing and other information that is an integral part of the offer cannot be considered confidential after an award has been made. The University will honor requests for confidentiality for information of a proprietary nature to the extent allowed by law. Clearly mark any information considered confidential.

1.11 Proposal Understanding: By submitting a proposal, the bidder agrees and assures that the specifications are adequate, and the bidder accepts the terms and conditions herein. Any exceptions should be noted in your response.

1.12 Proposal Validity: Unless specified otherwise, all proposals shall be valid for ninety (90) days from the due date of the proposal.

1.13 Non-Responsive Proposals: The University will not consider non-responsive proposals, i.e., those with material deficiencies, omissions, errors or inconsistencies.

Specification Protests will be responded to within five (5) business days of receipt. Determination of protest validity is at the sole discretion of the University. The due date of the proposal may be changed if necessary to allow consideration of the protest and issuance of any necessary addenda. No protest against the award due to the specifications shall be considered after this deadline. Protests shall include the reason for the protest and any proposed changes to the specifications.
